PAUSE4kids provides scholarship funding for programs or services for children who have special needs. The Board of Directors review applications submitted by individual parents on behalf of a child. Our funds are limited and scholarship awards cannot exceed \$500, so that we may serve a greater number of children. Scholarships are awarded to those residing in the Ventura County SELPA and to individuals who have limited financial resources or special circumstances. PAUSE4kids is a payee of last resort.

We will notify applicants of our decision within 60 days of receipt of this application.

Note: We can only award scholarships if funds are available. See complete Scholarship Criteria Guidelines prior to completing the application. Please email or print and mail back to our office for consideration.
